Discussed: *Who else needs to be involved?*

Agreed to issue press release reporting on formation of the group and inviting new members. Ian & Gill Cardy to be invited as previously involved and Terri Welch for tourism.

Appoint chair and agree terms of reference etc. once membership is representative of the Community Area.

Purpose of the group?

To enhance the area's waterways for the benefit of residents and visitors.

Agree on format and carry out community consultation on the proposed Melksham Link.

When and where to meet?

First Tuesday of the month appeared to be best but next two meetings would be specifically to plan the Melksham Link consultation. The next regular meeting would therefore be Tuesday 4th May. It was agreed 6.30pm was a good time.

The next and first consultation planning meeting would be Tuesday 9th March, ideally at the Riverside club. Miriam to check availability.
